

FDA Warns Against Hyperbaric Oxygen Therapy As Alternative Autism Therapy (OPEN MINDS Weekly News Wire Book 2013)

On August 22, 2013, the U.S. Food and Drug Administration (FDA) issued a consumer warning against the use of hyperbaric oxygen therapy (HBOT) as an alternative treatment for autism spectrum disorders (ASD). The FDA has not approved HBOT as a treatment for ASD. Additionally, a randomized clinical trial testing HBOT as a treatment for ASD, reported in 2010 that there were no differences in symptom outcomes between HBOT and placebo groups.
