

## Idi Amin & Adolf Hitler: Madman Propaganda (Powerwolf Publications) (Volume 9)

**\*\*BANNED ON AMAZON EU & UK\*\***

The effectiveness of the atrocity propaganda wielded against these two influential men of history, Idi Amin and Adolf Hitler, is a product of our Judeocentric mass mind. Both of these men suffered for their respective responses to Jewry, culturally or politically. For example, world Jewish opposition to Nazi Germany and the subsequent boycott against German goods and services, which started in 1933, exposes Jewry (not Hitler) as instigator. Hitler retaliated in turn. Historian Ingrid Weckert, who suffered the unforgiving hand of the postwar German government for her publications exonerating Germany of 1) instigating the anti-Jewish boycott and 2) orchestrating Crystal Night, is central to this analysis. Consequently, her investigation and reports by African journalist Timothy Kalyegira provide us with our working definition of Judeocentric mindset. It is the inability to see events or history but from the Jewish-victim perspective.
