

MST: Simiente de la vida y la esperanza en Brazil (Ocean Sur) (Spanish Edition)

This is an extended interview by Aleida Guevara with Joao Pedro Stedile, the leader of the Movimento dos Trabalhadores Rurais Sem Terra (MST), discussing the struggle of the landless in Brazil that is today one of Latin Americas largest and most successful social movements. Stedile describes how unused land is claimed, occupied, and defended by local communities and popular mobilizations.
