

Analyzing Politics: Rationality, Behavior and Institutions, 2nd Edition (New Institutionalism in American Politics)

Analyzing Politics makes the fundamentals of rational-choice theory accessible to undergraduates in clear, nontechnical language. Through case studies, illustrations, and examples, the author provides students with the means to analyze a wide variety of situations. The Second Edition has been thoroughly revised to include updated cases and examples, new problem sets and discussion questions, and new Experimental Corner sections at the end of many chapters, describing experiments from social science literature.
