

In June 1996, for the first time in thousand years, Russian citizens were given the chance to select their head of state in a democratic election. Michael McFaul analyzes three major factors that combine to explain why Boris Yeltsins victory, should have been expected, discusses the reasons behind Yeltsins victory, and examines its impact on electoral politics in post-Soviet Russia.

A Unique Relationship: The United States and the Republic of China under the Taiwan Relations Act (Hoover Institution Press Publication), Institutional and Financial Incentives for Social Insurance, Manifesto of Common Sense, Revitalizing Urban Neighborhoods (Studies in Government & Public Policy), Noticia Historica De La Republica De Venezuela... (Spanish Edition), Modernizing Local Government in Massachusetts, Confederate States of America Poster, The (Civil War State Map Posters), Discussion on the Trinity, church constitutions and disciplines, and human depravity, Is het middenpunt der stad Amsterdam gezonder dan de plantaadje en de buitenrand? Eene vraag aan regenten der beide gasthuizen, etc.,
