

Best Australian Political Writing 2009

In The Best Australian Political Writing 2009, Crikey publisher Eric Beecher selects the most incisive and entertaining writing about the notable events and names of the past year. From the Prime Ministers historic apology speech and the global financial crisis to the election of the first black American President, it has been an era-defining twelve months. Leading political commentators chart these momentous times and look at the issues that have divided the country-climate change, leadership contests, the Bill Henson controversy and more. This is the year that was through the eyes of Australias foremost political analysts.
