

A superb treatment of the evolution of U.S.-Panama relations, Walter LaFeber's *The Panama Canal* was praised by *The Nation* as a balanced, unemotional indictment of the history of the United States in Panama. *History* hailed it as the best overall synthesis of a vital theme in American diplomatic history, and *The Atlantic Monthly* said there was no better single source.

Now in this new edition, LaFeber brings his study up to date with two new chapters that cover U.S.-Panama relations since 1978, including the attempt to oust Manuel Noriega, and Noriega's role in aiding the Nicaraguan Contras. Essential for anyone who wants a complete picture of the canal debate from Balboa to the present, this new edition of the classic work on the subject is an important contribution to the discussion of the Panama issue today.

In the Company of Animals: A History of Human-Animal Relationships, Theories of Knowledge, Absolutism, Pragmatism, Realism, A General Abridgment Of Law And Equity V14: Alphabetically Digested Under Proper Titles, With Notes And References To The Whole (1794), Immigration and Acculturation in Brazil and Argentina: 1890-1929, Coates of the Kaipara, Argentina: El Siglo del Progreso y La Oscuridad, 1900-2003 (Letras de Critica) (Spanish Edition), Designing and Conducting Your First Interview Project (Research Methods for the Social Sciences), Ethnic Bargaining: The Paradox of Minority Empowerment, Sit Down and Drink Your Beer: Regulating Vancouver's Beer Parlours, 1925-1954 (Studies in Gender and History), Putinism: The Slow Rise of a Radical Right Regime in Russia,
