

Readers cannot but be provoked and stimulated by this splendidly iconoclastic and refreshing book.—Andrew Porter, New York Times Book Review
The Wealth and Poverty of Nations is David S. Landes acclaimed, best-selling exploration of one of the most contentious and hotly debated questions of our time: Why do some nations achieve economic success while others remain mired in poverty? The answer, as Landes definitively illustrates, is a complex interplay of cultural mores and historical circumstance. Rich with anecdotal evidence, piercing analysis, and a truly astonishing range of erudition, The Wealth and Poverty of Nations is a picture of enormous sweep and brilliant insight (Kenneth Arrow) as well as one of the most audaciously ambitious works of history in decades. For the paperback edition, Landes has written a new epilogue, in which he takes account of Asian financial crises and the international tension between overconfidence and reality.

Feminist Bible Studies in the Twentieth Century: Scholarship and Movement (Bible and Women 9.1), Developing Countries and the Multilateral Trade Regime: The Failure and Promise of the WTOs Development Mission (Studies in International Trade Law), Lof Van Vondel: Tot Antwoord Op de Volgende Prijsvraag, Voor 1864: Faire LEloge de Vondel... (Dutch Edition), The Social Roots of Risk: Producing Disasters, Promoting Resilience (High Reliability and Crisis Management), Reinventing Philanthropy: A Framework for More Effective Giving, Realism and the Background of Phenomenology, Bay of Pigs, Three New Genera of Stilt Palms (Iriarteaceae) from Colombia, with a Synoptical Review of the Family, Russia and the West under Lenin and Stalin, by George F. Kennan,
